Mr. Sohail Zakiuddin Husain, MD
President, AAMS-USA

My Dear Sohail Zakiuddin Husain

Assalamo Alaikum wa rahmatullah wa barakatuhu

I was very pleased to receive a report on the 3rd Annual Qur'an and Science Symposium held on 14 November 2015, at Baituz Zafar Mosque Queens, NY.

You have explained that this was jointly organised by the Association of Ahmadi Muslim Scientists and the Ahmadi Women Scientist Association USA. It was supported by Lajna Imaillah, Atfalul Ahmadiyya, Khuddamul Ahmadiyya and also regional and local Jama'ats.

You informed of an estimated attendance of 500 people of which 200 were males and 300 females. You have attached detailed programmes, fliers, invitations and biographies of speakers and other details. Jazakamullah Ahsanuljaza!

It is gratifying to note that the Holy Qur'an is such a source of knowledge and research for scientists of this age. Do continue to pursue this sort of work and encourage others to do so as well. Motivate younger members of the Jama'at to become scientists and take advantage of this knowledge in their career advancements.

Jazakumullah Ahsanuljaza.

May Allah bless you

Wassalam

Yours Sincerely

Mirza Masroor Ahmad
